

V-SHIELD SYSTEM
Portable Sneeze Guards
2020

Mogogo's new "Free Standing" **V-SHIELD SYSTEM** was designed for safety, while ensuring function, quality and aesthetics were not sacrificed.

It can be used on most existing flat surfaces of any length with features to turn corners and shield the ends.

The V-Guard legs are equipped with magnets, notches and anti-slip pads for additional stability and a clean gap-free appearance.

The system consists of two different sized guards with the option of a full or partially full length acrylic panel depending on the specific application.
